conferenceseries.com

2nd International Conference & Expo on

Green Energy, Recycling and Environmental Microbiology

November 28-30, 2016 Atlanta, Georgia, USA

Scientific Program

Chattahoochee Hall

conferenceseries.com 09:30-09:50 Opening Ceremony

- JOIII	ordinostrios.com constructing ceremony
	Group Photo 09:50-10:00
	Keynote Forum
10:00-10:30	Title: Low temperature and high efficiency biomass fuel cell and bio-hydrogen production Yulin Deng, Georgia Institute of Technology, Georgia, USA
10:30-11:00	Title: Towards integrated biorefinery based on dried distillers grains co-product strategy to enable production of biofuels and biochemicals Jagannadh Satyavolu, University of Louisville, USA
	Networking & Refreshment Break 11:00-11:20 @ Prom
Sessions: Ren	newable Energy Bioenergy Energy and Environment
Session Chair	: Yulin Deng, Georgia Institute of Technology, Georgia, USA
Session Co-cl	nair: Jagannadh Satyavolu, University of Louisville, USA
	Session Introduction
11:20-11:40	Title: The concept of lava flow controlled use as a source of energy and materials
	Anuar Kulmagambetov, Laitingen Financial Inc., Russian Federation
11:40-12:00	Title: Aerodynamic design and analysis of a small scale wind turbine rotor blade
	Tesfaye Meseret Abebe, Otto-Von-Guericke University Magdeburg, Germany
	Title: Development of a floating ocean-current turbine for the Kuroshio current
12:00-12:20	Katsutoshi Shirasawa, Okinawa Institute of Science and Techonology Graduate University, Japan
	Title: Impedance characteristics of the all-vanadium redox flow batteries
12:20-12:40	Hong Sun, Shenyang Jianzhu University, China
	Title: Physical model investigation of one way gear ocean wave energy converter as a floating wave
12:40-13:00	breaker and renewable energy sources
	Masjono Muchtar, Politeknik ATI Makassar, Ministry of Industry, Indonesia
	Lunch Break 13:00-14:00 @ Prom
14:00-14:20	Title: Efficient techniques for woody biomass fractionation to enhance enzyme accessibility
14:00-14:20	Aye Aye Myint, Seoul National University, Republic of Korea
14:20-14:40	Title: Effect of technology development in the industrial high efficiency boiler using TIMES model
14:20-14:40	Nyun-Bae Park, Korea Institute of Energy Research, Korea
14:40-15:00	Title: Design and construction of a crushing machine for organic waste management in Mexico
	Camacho-Villan Erik Oswaldo, National Autonomous University of Mexico, Mexico
15:00-15:20	Title: Sustainable energy performance: bioinspiration from thermoregulation of the termite mounds
	Silvia Titotto, Universidade Federal do ABC, Brazil
	Title: Thermal performance of a concrete-metamaterial added with micro-sized carbon particles for thermal
15:20-15:40	insulation purposes
	Juan Carlos Arteaga-Arcos, Universidad Autonoma del Estado de Mexico, Mexico
15:40-16:00	Title: High-gravity carbonation process for CO2 fixation and alkaline waste stabilization
10110	Shu Yuan Pan, National Taiwan University, Taiwan (ROC)
	Networking & Refreshment Break 16:00-16:20 @ Prom
16:20-16:40	Title: Recycling CO ₂ as a sustainable source of energy for power plants
	Mohammad Ali Takassi, Petroleum University of Technology, Iran

Title: Evaluation of Chlorella sorokiniana mixotrophic growth using xylose as a carbon source 16:40-17:00 Marcoaurelio Almenara Rodrigues, Federal University of Rio de Janeiro, Brazil Title: Effect of non-compostable contaminants on composting of organic municipal solid waste at different 17:00-17:20 turning frequencies

Tadesse Getahun, Jimma University, Ethiopia

Panel Discussion

Day 2 November 29, 2016

	Chattahoochee Hall		
	Keynote Forum		
09:00-09:30	Registrations		
09:30-10:30	Title: The role of liquid flow window in active and passive solar building design		
	T.T. Chow, City University of Hong Kong, China		
10:30-11:00	Title: Transition to a global energy abundance and sustainability plan 2050		
	Michael Garvin, University of Iowa, USA		
	Networking & Refreshment Break 11:00-11:20 @ Prom		
Session: Biof Waste Recycl	uels Green Technology Sustainable Energy Policies Waste Management Recycling solid waste E- ing		
Session Chai	r: Michael Boot, Eindhoven University of Technology, Netherlands		
Session Co-cl	nair: Asupatri Usha Rani, Sri Venkateswara University, India		
	Session Introduction		
11:20-11:40	Title: New business models for biofuels		
	Michael Boot, Eindhoven University of Technology, Netherlands		
	Title: Zinc and selenium supplementation combats cadmium induced bioaccumulation and oxidative stress		
11:40-12:00	in teleostean fish Oreochromis mossambicus: The possible detoxification mechanisms		
	Asupatri Usha Rani, Sri Venkateswara University, India		
12:00-12:20	Title: St1 Cellunolix [™] bioethanol demonstration plant process is based on softwood as a raw material		
12.00 12.20	Tom Granstroem, St1 Biofuels Oy, Finland		
	Young Research Forum		
12:20-12:40	Title: Comprehensive evaluation of biochar application in rice production in Ghana		
12:20-12:40	Ernest Ohene Nkansah, University of Tsukuba, Japan		
12:40-13:00	Title: Graphene: a promising electrode for microbial fuel cells		
12:40-13:00	Jayesh M. Sonawane, Indian Institute of Technology Bombay, Mumbai, India		
12:40-13:00	Jayesh M. Sonawane, Indian Institute of Technology Bombay, Mumbai, India Lunch Break 13:00-14:00 @ Prom		
	Jayesh M. Sonawane, Indian Institute of Technology Bombay, Mumbai, India Lunch Break 13:00-14:00 @ Prom Title: Investigation on development of wind and PV power with hydro pumped storage to increase		
	Jayesh M. Sonawane, Indian Institute of Technology Bombay, Mumbai, India Lunch Break 13:00-14:00 @ Prom Title: Investigation on development of wind and PV power with hydro pumped storage to increase renewable energy penetration: a parallel analysis of Taiwan and Greece		
	Jayesh M. Sonawane, Indian Institute of Technology Bombay, Mumbai, India Lunch Break 13:00-14:00 @ Prom Title: Investigation on development of wind and PV power with hydro pumped storage to increase renewable energy penetration: a parallel analysis of Taiwan and Greece Robel Habtemariam, Huazhong University of Science and Technology, China		
	Jayesh M. Sonawane, Indian Institute of Technology Bombay, Mumbai, India Lunch Break 13:00-14:00 @ Prom Title: Investigation on development of wind and PV power with hydro pumped storage to increase renewable energy penetration: a parallel analysis of Taiwan and Greece Robel Habtemariam, Huazhong University of Science and Technology, China Title: An investigation into the dynamics of dye-sensitized solar cell for future renewable energy		
14:00-14:20	Jayesh M. Sonawane, Indian Institute of Technology Bombay, Mumbai, India Lunch Break 13:00-14:00 @ Prom Title: Investigation on development of wind and PV power with hydro pumped storage to increase renewable energy penetration: a parallel analysis of Taiwan and Greece Robel Habtemariam, Huazhong University of Science and Technology, China Title: An investigation into the dynamics of dye-sensitized solar cell for future renewable energy Christopher Anokam, Utah State University Eastern, USA		
14:00-14:20	Jayesh M. Sonawane, Indian Institute of Technology Bombay, Mumbai, India Lunch Break 13:00-14:00 @ Prom Title: Investigation on development of wind and PV power with hydro pumped storage to increase renewable energy penetration: a parallel analysis of Taiwan and Greece Robel Habtemariam, Huazhong University of Science and Technology, China Title: An investigation into the dynamics of dye-sensitized solar cell for future renewable energy Christopher Anokam, Utah State University Eastern, USA Title: Multidimensional analysis of water governance poverty in the South African corporate sector		
14:00-14:20 14:20-14:40	Jayesh M. Sonawane, Indian Institute of Technology Bombay, Mumbai, India Lunch Break 13:00-14:00 @ Prom Title: Investigation on development of wind and PV power with hydro pumped storage to increase renewable energy penetration: a parallel analysis of Taiwan and Greece Robel Habtemariam, Huazhong University of Science and Technology, China Title: An investigation into the dynamics of dye-sensitized solar cell for future renewable energy Christopher Anokam, Utah State University Eastern, USA Title: Multidimensional analysis of water governance poverty in the South African corporate sector Juniours Marire, Rhodes University, South Africa		
14:00-14:20 14:20-14:40	Lunch Break 13:00-14:00 @ Prom Title: Investigation on development of wind and PV power with hydro pumped storage to increase renewable energy penetration: a parallel analysis of Taiwan and Greece Robel Habtemariam, Huazhong University of Science and Technology, China Title: An investigation into the dynamics of dye-sensitized solar cell for future renewable energy Christopher Anokam, Utah State University Eastern, USA Title: Multidimensional analysis of water governance poverty in the South African corporate sector Juniours Marire, Rhodes University, South Africa Title: Determination of the viability of landfill gas to energy in Africa: The case of Ghana		
14:00-14:20 14:20-14:40 14:40-15:00	Jayesh M. Sonawane, Indian Institute of Technology Bombay, Mumbai, India Lunch Break 13:00-14:00 @ Prom Title: Investigation on development of wind and PV power with hydro pumped storage to increase renewable energy penetration: a parallel analysis of Taiwan and Greece Robel Habtemariam, Huazhong University of Science and Technology, China Title: An investigation into the dynamics of dye-sensitized solar cell for future renewable energy Christopher Anokam, Utah State University Eastern, USA Title: Multidimensional analysis of water governance poverty in the South African corporate sector Juniours Marire, Rhodes University, South Africa Title: Determination of the viability of landfill gas to energy in Africa: The case of Ghana Solomon Ofori, University of Stuttgart, Germany		
14:00-14:20 14:20-14:40 14:40-15:00 15:00-15:20	Jayesh M. Sonawane, Indian Institute of Technology Bombay, Mumbai, India Lunch Break 13:00-14:00 @ Prom Title: Investigation on development of wind and PV power with hydro pumped storage to increase renewable energy penetration: a parallel analysis of Taiwan and Greece Robel Habtemariam, Huazhong University of Science and Technology, China Title: An investigation into the dynamics of dye-sensitized solar cell for future renewable energy Christopher Anokam, Utah State University Eastern, USA Title: Multidimensional analysis of water governance poverty in the South African corporate sector Juniours Marire, Rhodes University, South Africa Title: Determination of the viability of landfill gas to energy in Africa: The case of Ghana		
14:00-14:20 14:20-14:40 14:40-15:00 15:00-15:20	Lunch Break 13:00-14:00 @ Prom Title: Investigation on development of wind and PV power with hydro pumped storage to increase renewable energy penetration: a parallel analysis of Taiwan and Greece Robel Habtemariam, Huazhong University of Science and Technology, China Title: An investigation into the dynamics of dye-sensitized solar cell for future renewable energy Christopher Anokam, Utah State University Eastern, USA Title: Multidimensional analysis of water governance poverty in the South African corporate sector Juniours Marire, Rhodes University, South Africa Title: Determination of the viability of landfill gas to energy in Africa: The case of Ghana Solomon Ofori, University of Stuttgart, Germany Title: Comparative study of the bio sorption potential of Pseudomonas aeruginosa and Micrococcus lutes on		
14:00-14:20 14:20-14:40 14:40-15:00 15:00-15:20	Lunch Break 13:00-14:00 @ Prom Title: Investigation on development of wind and PV power with hydro pumped storage to increase renewable energy penetration: a parallel analysis of Taiwan and Greece Robel Habtemariam, Huazhong University of Science and Technology, China Title: An investigation into the dynamics of dye-sensitized solar cell for future renewable energy Christopher Anokam, Utah State University Eastern, USA Title: Multidimensional analysis of water governance poverty in the South African corporate sector Juniours Marire, Rhodes University, South Africa Title: Determination of the viability of landfill gas to energy in Africa: The case of Ghana Solomon Ofori, University of Stuttgart, Germany Title: Comparative study of the bio sorption potential of Pseudomonas aeruginosa and Micrococcus lutes on Lead and Chromium		

16:20-16:40	Title: Plastic recycling in Douala, Cameroon
10:20-10:40	Maria Atongajua, International Institute of Tropical Agriculture, Camaroon
16:40-17:00	Title: An overview of biogas production from poultry manure
10:40-17:00	Emine Cagla Cilingir, Hacettepe University, Turkey
17:00-17:20	Title: Household recyclables estimation for improving waste management in Ulaanbaatar city
	Gombojav Delgermaa, The University of Kitakyushu, Fukuoka, Japan
17:20-17:40	Title: Experimental investigation of waste PET in natural sand bricks
	Anil Antony Sequeira, Manipal University, Dubai, UAE
17:40-18:00	Title: Novel trends in recycling and WEEE management
	Joanna Kulczycka, Polish Acadmey of Sciences, Poland
	Panel Discussion

Day 3 November 30, 2016

Chattahoochee Hall

Keynote Forum

Title: NuEnergy's power house generator & clean water system: a game changing disruptive technology which will 09:30-10:00 revolutionize the sustainable energy industry

Hector M Guevara, NuEnergy Technologies Corp., USA

Sessions: Energy conservation | Microbial communities and Metagenomics | Water Microbiology | Green Economy | Clinical Microbiology | Soil Microbiology | Nano Environmental Technologie | Microbial Biodegradation

Session Chair: Michael Boot, Eindhoven University of Technology, Netherlands

Session Co-chair: Asupatri Usha Rani, Sri Venkateswara University, India

Session Introduction

Title: Scrap tires: Diversified technology portfolio for the application of recycled rubber materials 10:00-10:20 Ashoke Karmokar, Bridgestone Corporation, Tokyo, Japan Title: Automatic solar fire extinguisher 10:20-10:40 Asit Kumar Dey, University of Johannesburg, South Africa Title: Climate neutrality: Looking for a missing link? 10:40-11:00 George Malindretos, Harokopio University, Greece

Networking & Refreshment Break 11:00-11:20 @ Prom Title: Do disinfectants promote bacterial antibiotic resistance? 11:20-11:40 Kostas Konstantinidis, Georgia Institute of Technology, USA Title: Human disease and the environment 11:40-12:00 Reetika Dawar, Indraprastha Apollo Hospitals, India Title: Microbiology of pesticide and inoculation of biofilter in the field of agriculture 12:00-12:20 Asmaa Agoussar, University of Montreal, Canada Title: Development of novel whole-cell biosensors for co-detection of metals and coliforms in drinking 12:20-12:40 water and urine Christopher Ndubuisi Nwankwo, University of Edinburgh, UK Title: Pattern of distribution of bacterial host and its phages in soil environment 12:40-13:00 Swagata Karmakar, University of Delhi, India

Lunch Break 13:00-14:00 @ Prom

Poster Presentations 14:00-15:30

Title: Predicting residential energy savings using known energy characteristics and historical energy consumption

Badr Altrahuni, University of Dayton, USA

P-01

Title: Cost-optimal combined heat power for multifamily buildings using historical demand P-02 Saeed Algaed, University of Dayton, USA

P-03	Title: Cost impactful borehole thermal energy storage for multifamily buildings
	Rodwan Elhashmi, University of Dayton, USA
P-04	Title: Isolation and screening of chromium reducing bacteria Pseudomonas fluorescens from textile dye industrial effluent contaminated ground water samples: A possible bioremediation approach
	Asupatri Usha Rani, Sri Venkateswara University, India
P-06	Title: Aggregate associated C and their stability under different agricultural land use systems of sub- montaneous districts of Punjab, north-west India
	Rajwinder Kaur, Punjab Agricultural University, India
P-07	Title: Light olefin production by cracking Nannochloropsis oculata microalgae using aluminosilicate catalysts
	Gaurav Goyal, University of South Florida, USA
P-08	Title: Synthesis of various iodyl compounds of iodoarenes and tetrazolene using Oxone® as an oxidant
	Ram Dhakal, Middle Tennessee State University, USA
P-09	Title: Xylanase and laccase enzyme activities from new thermophilic strains of Anoxybacillus and Streptomyces species
	Thamir H Alkahem Albalawi, University of Arkansas, USA

Networking & Refreshment Break 15:30-15:50 @ Prom

Panel Discussion

Awards and Closing Ceremony
